

STACKED SLATE SPILLWAY WALL 32" LANDSCAPE FOUNTAIN KIT

The Aquascape Stacked Slate Spillway Wall 32" Landscape Fountain Kit bundles the perfect combination of products to provide an easy-to-install fountain that makes it simple to add the relaxing sights and sounds of water to any location. Water is pumped up through three separate water outlets at the top of the wall before spilling over the textured front of the fountain, creating an impressive effect. The lightweight, durable fiberglass resin composite is built to last and provides the look and beauty of real stone. Constructed of professional-grade, high density polyethylene and backed by a lifetime warranty, the included basin provides features and benefits that eliminate guesswork, improve water circulation, and increase accessibility. The included energy-efficient pump, pipe, and fittings makes installation easier than ever. Aquascape is passionate about providing unique products, designs, and features that stand above the competition.

- Kit includes everything needed for installation
- Creates an impressive, recirculating fountain
- Eliminates guesswork of selecting products individually
- Simple design makes installation quick and easy
- Includes fountain, water basin, pump, and plumbing
